## Appendix 1. IRS Checklist 2016

Section §1.501(r)(3) of the Internal Revenue Service code describes the requirements of the CHNA.

<table>
<thead>
<tr>
<th>Federal Requirements Checklist</th>
<th>Regulation Section Number</th>
<th>Report Reference</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>A. Activities Since Previous CHNA(s)</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Describes the written comments received on the hospital’s most recently conducted CHNA and most recently adopted implementation strategy.</td>
<td>(b)(5)(C)</td>
<td>Not available</td>
</tr>
<tr>
<td>Describes an evaluation of the impact of any actions that were taken, since the hospital facility finished conducting its immediately preceding CHNA, to address the significant health needs identified in the hospital facility’s prior CHNA(s).</td>
<td>(b)(6)(F)</td>
<td>Sec. 2</td>
</tr>
</tbody>
</table>

**B. Process & Methods**

**Background Information**

Identifies any parties with whom the facility collaborated in preparing the CHNA(s). | (b)(6)(F)(ii) | Sec. 3 |
---|---|---|
Identifies any third parties contracted to assist in conducting a CHNA. | (b)(6)(F)(ii) | Sec. 3 |
**Defines the community it serves, which:**
- Must take into account all patients without regard to whether (or how much) they or their insurers pay for care or whether they are eligible for assistance.
- May take into account all relevant circumstances including the geographic area served by the hospital, target population(s), and principal functions.
- May not exclude medically underserved, low-income, or minority populations who live in the geographic areas from which the hospital draws its patients. | (b)(i)(b)(3)(b)(6)(l)(A) | Sec. 2 |
---|---|---|
Describes how the community was determined. | (b)(6)(l)(A) | Sec. 2 |
Describes demographics and other descriptors of the hospital service area. | | Sec. 2 |
**Health Needs Data Collection**

Describes data and other information used in the assessment: | (b)(6)(ii) | |
---|---|---|
a. Cites external source material (rather than describe the method of collecting the data). | (b)(6)(F)(ii) | Sec. 3 App. 2 |
---|---|---|
b. Describes methods of collecting and analyzing the data and information. | (b)(6)(l) | Sec. 4 |
---|---|---|
CHNA describes how it took into account input from persons who represent the broad interests of the community it serves in order to identify and prioritize health needs and identify resources potentially available to address those health needs. | (b)(1)(iii)(b)(5)(l)(b)(6)(F)(iii) | Sec. 3 App. 5 |
---|---|---|
Describes the medically underserved, low-income, or minority populations being represented by organizations or individuals that provide input. | (b)(6)(F)(iii) | Sec. 3 App. 5 |
---|---|---|
a. At least one state, local, tribal, or regional governmental public health department (or equivalent department or agency) or a State Office of Rural Health. | (b)(5)(l)(A) | Sec. 3 & 4 App. 5 |
---|---|---|
b. Members of the following populations, or individuals serving or representing the interests of populations listed below. (Report relevant data and other information in the assessment.) | (b)(5)(l)(B) | Sec. 3 App. 5 |
### Federal Requirements Checklist

<table>
<thead>
<tr>
<th>Includes the names of any organizations - names or other identifiers not required.</th>
<th>Regulation Section Number</th>
<th>Report Reference</th>
</tr>
</thead>
<tbody>
<tr>
<td>I. Medically underserved populations</td>
<td>(b)(5)(i)(B)</td>
<td>Sec. 3 App. 5</td>
</tr>
<tr>
<td>II. Low-income populations</td>
<td>(b)(5)(i)(B)</td>
<td>Sec. 3 App. 5</td>
</tr>
<tr>
<td>III. Minority populations</td>
<td>(b)(5)(i)(B)</td>
<td>Sec. 3 App. 5</td>
</tr>
<tr>
<td>c. Additional sources (optional) – (e.g. healthcare consumers, advocates, nonprofit and community-based organizations, elected officials, school districts, healthcare providers and community health centers).</td>
<td>(b)(5)(ii)</td>
<td>Sec. 3</td>
</tr>
<tr>
<td>Describes how such input was provided (e.g., through focus groups, interviews or surveys).</td>
<td>(b)(6)(F)(iii)</td>
<td>Sec. 3 &amp; 4</td>
</tr>
<tr>
<td>Describes over what time period such input was provided and between what approximate dates.</td>
<td>(b)(6)(F)(iii)</td>
<td>Sec. 3</td>
</tr>
<tr>
<td>Summarizes the nature and extent of the organizations’ input.</td>
<td>(b)(6)(F)(iii)</td>
<td>Sec. 4 App. 7</td>
</tr>
</tbody>
</table>

### C. CHNA Needs Description & Prioritization

| Health needs of a community include requisites for the improvement or maintenance of health status both in the community at large and in particular parts of the community (such as particular neighborhoods or populations experiencing health disparities). | (b)(4) | Sec. 4 |
| Prioritized description of significant health needs identified. | (b)(6)(i)(D) | Exec Sum Sec. 4 |
| Description of process and criteria used to identify certain health needs as significant and prioritizing those significant health needs. | (b)(6)(i)(D) | Sec. 4 App. 6 |
| Description of the resources potentially available to address the significant health needs (such as organizations, facilities, and programs in the community, including those of the hospital facility. | (b)(4) (b)(6)(E) | App. 8 |

### D. Finalizing the CHNA

| CHNA is conducted in such taxable year or in either of the two taxable years immediately preceding such taxable year. | (a)1 | Exec Sum |
| CHNA is a written report that is adopted for the hospital facility by an authorized body of the hospital facility (authorized body defined in §1.501(r)-1(b)(4)). | (b)(iv) | June 2016 |
| Final, complete, and current CHNA report has been made widely available to the public until the subsequent two CHNAs are made widely available to the public. “Widely available on a web site” is defined in §1.501(r)-1(b)(29). | (b)(7)(i)(A) | June 2016 |
| a. May not be a copy marked “Draft”. | (b)(7)(ii) | |
| b. Posted conspicuously on website (either the hospital facility’s website or a conspicuously-located link to a web site established by another entity). | (b)(7)(i)(A) | |
| c. Instructions for accessing CHNA report are clear. | (b)(7)(i)(A) | |
### Federal Requirements Checklist

<table>
<thead>
<tr>
<th></th>
<th></th>
<th>Regulation Section Number</th>
<th>Report Reference</th>
</tr>
</thead>
<tbody>
<tr>
<td>d.</td>
<td>Individuals with Internet access can access and print reports without special software, without payment of a fee, and without creating an account.</td>
<td>(b)(7)(i)(A)</td>
<td></td>
</tr>
<tr>
<td>e.</td>
<td>Individuals requesting a copy of the report(s) are provided the URL.</td>
<td>(b)(7)(i)(A)</td>
<td></td>
</tr>
<tr>
<td>f.</td>
<td>Makes a paper copy available for public inspection upon request and without charge at the hospital facility.</td>
<td>(b)(7)(i)(B)</td>
<td></td>
</tr>
</tbody>
</table>

**Further IRS requirements available:**

- §1.501(r)-3(b)(iv) and (v): separate and joint CHNA reports
- §1.501(r)-3(d): requirements that apply to new hospital facilities, transferred or terminated hospital facilities, and newly acquired hospital facilities
- §1.501(r)-3(a)(2) and (c): implementation strategy requirements

Appendix 5.  List of Community Leaders & Their Credentials

The following leaders were consulted for their expertise in the community. They were identified based on their professional expertise and knowledge of target groups including children, youth, older adults, low-income populations, minorities, and the medically underserved. The group included leaders from health systems including the San Mateo County Health Department and the San Mateo County Hospital System, nonprofit hospital representatives, local government employees, appointed county government leaders, and nonprofit organizations. *For a description of members of the community who participated in focus groups, please see Section 5, “Resident Input.”*

**Definitions:**

A. **Community’s prioritization** of the need (number of times ranked as top need by community respondents)

B. **Expert’s prioritization** of the need (urgency of the need in the eyes of Community Benefit Advisory Members)

C. **Seton Medical Center’s capacity** to impact the need
Appendix 7. Focus Group & Key Informant Interview Protocols

Professionals (Providers) Focus Group Protocol

**INTRODUCTORY REMARKS**

- Welcome and thanks
- What the project is about: We are helping the nonprofit hospitals in San Mateo County conduct a Community Health Needs Assessment, required by the IRS and the State of California.
- Identifying unmet health needs in our community, extending beyond patients.
- Ultimately, to invest in community health strategies that will lead to better health outcomes.
- Why we’re here (refer to agenda flipchart page):
  - Understand your perspective on healthcare access for older adults in the post-Affordable Care Act/Obamacare environment
  - Talk about impact of physical environment/public infrastructure on the health of older adults
  - Understand how older adults may use technology for health-related activities

**WHAT WE’LL DO WITH THE INFORMATION YOU TELL US TODAY**

- Your responses will be summarized and your name will not be used to identify your comments.
- Notes and summary of all focus group discussions will go to the hospitals.
- The hospitals will make decisions about which needs their individual hospitals can best address, and how the hospitals may collaborate or complement each other’s community outreach work.

**FOCUS GROUP QUESTIONS**

1. **PRIORITIZING HEALTH NEEDS**

When this county did its Community Health Needs Assessment in 2013, these are the health needs that came up (show list on flipchart page).

   a. Any needs to add?
   b. Please **think** about the three (including the added needs, if any) you believe are the most important to address – **the needs that are not being met very well right now**, in your opinion, here in San Mateo County. You’ll find some sticky colored dots on the table; once you’ve decided which three of these needs you think are the most important, please come on up here and put one sticky dot next to each one of those three.

2. **ACCESS TO HEALTHCARE**

First, we would like to get your perspective on how **access** has changed in the post-Affordable Care Act (or “Obamacare”) environment.
a) Based on your observations and interactions with the clients you serve, to what extent your clients aware of how to obtain health care? (Explain if needed: Where to find a clinic, how to make an appointment, etc.)

b) To what extent are clients aware of how to obtain health insurance?

c) What barriers to access still exist? (Focus on comparison pre- and post-ACA)
   i. Is the same proportion still medically uninsured/under-insured?
   ii. Do more people or fewer people have a primary care physician?
   iii. Are people using the ER as primary care to the same degree?
   iv. Is the same proportion of the community facing difficulties affording health care?

3. IMPACT OF PHYSICAL ENVIRONMENT/INFRASTRUCTURE – 15 MIN.

   a) In your experience, in what ways is the physical environment helping or hindering consumers in addressing their health? By physical environment we mean everything from air quality, availability of safe parks or places to recreate, density of housing, transportation, sidewalks, to the proximity to health clinics and WIC service centers.

   b) In what ways do current public (i.e., government) policies affect the physical environment? What type of policy or physical environment changes would you recommend to promote health in the community?

4. IMPACT OF NEW TECHNOLOGIES – 15 MIN.

   What has been the impact, if any, of your clients using technology such as the web, smartphones, other devices, and/or apps for health-related activities?

   For example...
   a. Patient access to their own health records
   b. Hospital/healthcare system portals
   c. Online health information / increasing health literacy
   d. Ordering medicines
   e. Monitoring health (such as apps or devices to track exercise, diet, etc.)
   f. Making doctor appointments
   g. Communicating with their doctors

CONCLUDING REMARKS

- Thanks for your time and sharing your perspective
- Confidential notes and summary of discussions to client
- Reminder about what will be done with the information
- The final Community Health Needs Assessment Report will be published in approximately March 2016 on all of the hospitals’ websites
Residents (Non-Professionals) Focus Group Protocol

**INTRODUCTORY REMARKS**

- Welcome and thanks
- What the project is about: We are helping the nonprofit hospitals in San Mateo County conduct a Community Health Needs Assessment, required by the IRS and the State of California.
- Identifying unmet health needs in our community, extending beyond patients.
- Ultimately, to invest in community health strategies that will lead to better health outcomes.
- Why we’re here (refer to agenda flipchart page):
  - Understand your perspective on healthcare access for older adults in the post-Affordable Care Act/Obamacare environment
  - Talk about impact of physical environment/public infrastructure on the health of older adults
  - Understand how older adults may use technology for health-related activities

**WHAT WE’LL DO WITH THE INFORMATION YOU TELL US TODAY**

- Your responses will be summarized and your name will not be used to identify your comments.
- Notes and summary of all focus group discussions will go to the hospitals.
- The hospitals will make decisions about which needs their individual hospitals can best address, and how the hospitals may collaborate or complement each other’s community outreach work.

**FOCUS GROUP QUESTIONS**

1. **PRIORITIZING HEALTH NEEDS**

   When this county did its Community Health Needs Assessment in 2013, these are the health needs that came up (show list on flipchart page).

   [Explain definition of “unmet” health needs]

   c. Any needs to add?

   d. Please think about the three (including the added needs, if any) you believe are the most important to address – **the needs that are not being met very well right now**, in your opinion, here in San Mateo County. You’ll find some sticky colored dots on the table; once you’ve decided which three of these needs you think are the most important, please come on up here and put one sticky dot next to each one of those three.

2. **IMPACT OF PHYSICAL ENVIRONMENT/INFRASTRUCTURE – 15 MIN.**

   **Let’s talk about the place we live (physical environment).** By physical environment we mean everything from air quality, availability of safe parks or places to recreate, density of housing, transportation, sidewalks, to the proximity to health clinics and WIC service centers.

   a. How does the environment (where you live) affect your daily life?
b. How does the environment help or hurt your health? (Prompt: physical and mental/emotional health.)

c. What, if anything, gets in the way of you being healthy?

3. Individual Health – 10 min.

Now we’re going to talk about how much of a priority we place on our physical and emotional or mental health. By “priority” we mean that you spend your time and resources on it, and you sometimes make choices that favor your health even though you might have other things competing for your time, energy, and resources (like work, family, or other obligations, hobbies, or pastimes).

Please pick up your index card and pen; we would like you to write down, on a scale of one to five (one being lowest or no priority, five being highest priority), how much of a priority health is in your life. When you’re done, we’ll collect the cards and tally the results, and then we’d like to talk a little more about this. (Collect cards, tally on scale page.)

OK, here are the results. (Describe tally results.)

a) What kinds of things led you to say your health is a lower priority? (Volunteers only)
b) What kinds of things led you to say your health is a higher priority? (Volunteers only)

4. Access to Care – 10 min.

We are interested in your access to health services in San Mateo County.

a. First, a little about health insurance:
   i. How many of you enrolled in health insurance in the last two years...
      o For the first time?
      o After a lapse in insurance?
   ii. For how many has the cost of insurance kept you from enrolling, or from getting better coverage?

b. Now, some questions about the “coverage” (benefits) that you do have:
   i. Do you have more or better insurance “coverage” than you had two years ago?
   ii. Is the cost of getting medical care keeping you from getting care (like appointment co-pays, co-insurance, prescriptions)?

c. Now a couple of questions about other ways your access to health care may have changed in the past two years.
   i. Have you had to make a change in your primary care doctor in the past two years?
      o If so, why?
   ii. Are you more likely now, than you were two years ago, to visit a primary care doctor instead of ER or urgent care?

5. Technology — 10 min.

Now we are going to hear a little about how technology might be helping you to access health care.

a. Think about how often you use technology (like the web, smartphones, devices, and/or apps) for health services. By health services we mean things like...
Accessing your health records
Making doctor appointments
Looking up health-related information on the web
Ordering medicines
Tracking/monitoring progress towards your health goals (like blood sugar levels, exercise, or weight)

For each of these -- we’ll take them one at a time -- let’s go around and you can tell us how often you use technology to do them, on a scale of 1 – 5 with 1 being “never or almost never” and 5 being “always or almost always”? *(Tally results for each type of health service/activity.)*

b. How many of you ever use a hospital or health system website or “portal”?

Those who have, what have you used it for?

**Concluding Remarks**

- Thanks for your time and sharing your perspectives
- Confidential notes and summary of discussions to client
- Reminder about what will be done with the information
- The final CHNA Report will be published in approximately March 2016 on all of the hospitals’ websites
- Distribute incentives
Key Informant Interview Protocol

INTRODUCTION

What the project is about:
- We are helping the nonprofit hospitals in San Mateo County conduct a Community Health Needs Assessment, required by the IRS and the State of California.
- Identifying unmet health needs in our community, extending beyond patients.
- Ultimately, to invest in community health strategies that will lead to better health outcomes.

You were chosen to be interviewed for your particular perspective on health in your community re:______________.

What we'll do with the information you tell us today:
- Your responses will be summarized and your name will not be used to identify your comments.
- Notes and summary of all interviews will go to the hospitals.
- The hospitals will make decisions about which needs their individual hospitals can best address, and how the hospitals may collaborate or complement each other’s community outreach work.

PREAMBLE

Our questions relate to four topics.
1. Top health needs among those you serve
2. Healthcare access in the post-Affordable Care Act/Obamacare environment
3. Impact of physical environment/public infrastructure on health
4. Use of technology and its impact on health

INTERVIEW QUESTIONS

1. HEALTH NEEDS

First, we would like to get your opinion on the top health needs among those you serve.

d) Which health needs do you believe are the most important to address among those you serve/your constituency – the needs that are not being met very well right now, in your opinion, here in San Mateo County?

e) Are there any specific groups that have greater health needs, or special health needs? (Probe if needed: Immigrants, youth, seniors, African Americans, LGBTQ, etc.)

2. ACCESS TO HEALTHCARE – POST-ACA

Next, we would like to get your perspective on how access has changed in the post- Affordable Care Act (or “Obamacare”) environment.
a) Based on your observations and interactions with the clients you serve, to what extent are clients aware of how to obtain health care? (Explain if needed: Where to find a clinic, how to make an appointment, etc.)

b) To what extent are clients aware of how to obtain health insurance?

c) What barriers to access still exist? (Focus on comparison pre- and post-ACA)
   i. Is the same proportion still medically uninsured/under-insured?
   ii. Do more people or fewer people have a primary care physician?
   iii. Are people using the ER as primary care to the same degree?
   iv. Is the same proportion of the community facing difficulties affording health care?

3. IMPACT OF PHYSICAL ENVIRONMENT/INFRASTRUCTURE

Our next question is related to the physical environment.

a) In your experience, in what ways is the physical environment helping or hindering consumers in addressing their health? By physical environment we mean everything from air quality, availability of safe parks or places to recreate, density of housing, transportation, sidewalks, to the proximity to health clinics and WIC service centers.

b) In what ways do current public (i.e., government) policies affect the physical environment?

c) What type of policy or physical environment changes would you recommend to promote health in the community?

4. IMPACT OF NEW TECHNOLOGIES

Our final question is related to technology.

What has been the impact, if any, of your clients using technology such as the web, smartphones, other devices, and/or apps for health-related activities?

For example...

a. Patient access to their own health records
b. Hospital/healthcare system portals
c. Online health information / increasing health literacy
d. Ordering medicines
e. Monitoring health (such as apps or devices to track exercise, diet, etc.)
f. Making doctor appointments
g. Communicating with their doctors
CONCLUDING REMARKS

- Thanks for your time and sharing your perspective
- Confidential notes and summary of discussions to client
- Reminder about what will be done with the information
- The final Community Health Needs Assessment Report will be published in approximately March 2016 on all of the hospitals’ websites
Appendix 8. Community Assets & Resources

The following resources are available to respond to the identified health needs of the community. Resources are listed by health need.

**Healthcare Access & Delivery**

**San Mateo County Hospitals’ Investments/Assets**

*Kaiser Permanente San Mateo Service Area*
- Fills insurance gaps for adults and children through a variety of programs (e.g. Medical Financial Assistance, STEPS (dues subsidy program), Kaiser Permanente Children’s Health Plan, MediCal)
- Financial supports through its grants program (The San Mateo Children’s Health Initiative as well as other local insurance enrollment efforts through community service agencies)

*Lucile Packard Children’s Hospital Stanford - Health Initiative to Improve Access to Primary Healthcare Services*
- Major supporter of government plans and a safety net providers
- Reimbursement to the County for OB-GYN physician services for low-income women in SMC who deliver at LPCH
- Partnership with Ravenswood Family Health Center:
  - Funding to support pediatrician costs, children’s dental care, and prenatal nutrition counseling
  - Mobile Adolescent Health Services: primary treatment and preventative care to homeless and uninsured teens
  - Care-A-Van for Kids: transportation of low-income patients who live outside of a 25 mile radius of LPCH (costal-regions of SMC)
  - Medical-legal advocacy services through a partnership with the Peninsula Family Advocacy Program

*Mills-Peninsula Health Services*
- Support services for people living in poverty through charity care, partnership with the San Mateo County Healthy Kids insurance program, financial and in-kind support for Samaritan House Medical Clinic, and an annual small grants program that provides grants to local health-related nonprofit organizations
- Free mammography and follow-up diagnostic services to women who have no health insurance
- Free prostate screening and referrals for the un/under insured
- Supports many community resource organizations such as:
  - Daly City Peninsula Partnership Collaborative, Health Aging Response Team
  - Edgewood Center for Children and Families
  - Family Caregiver Alliance (FCA)
  - Mid-Peninsula Boys & Girls Club
  - Mission Hospice & Home Care
Ombudsman Services of San Mateo County
Second Careers Employment Program
Peninsula Family Services
Puente de la Costa Sur
Home & Home
San Mateo Medical Association Community Service Foundation
The Latino Commission
Community Gatepath

**Peninsula Health Care District**

- Major supporter of Samaritan House Free Clinic of San Mateo
- Major supporter of Children’s Health Initiative-Healthy Kids Program
- Major supporter of San Mateo County Access to Care for Everyone Program Supports Apple Tree Dental
- Major supporter of Student Health Clinic at Belle Air School in San Bruno Park School District
- Fund Mental Health Association of San Mateo County Public Health Nurse

**Sequoia Healthcare District - Improved Access to Primary Care**

- Major supporter of Samaritan House Redwood city, underwrite the majority of operations budget.
- Major supporter of Children’s Health Initiative- Healthy Kids
- Provide financial support for Ravenswood Family Clinic
- Provide financial support for SMMC Clinic in RWC/ NFO.
- Provided major grant to help rebuild SMMC Clinic in RWC/NFO
- Major supporter of Apple Tree Dental

**Sequoia Hospital**

- Samaritan House Free Clinic Redwood City:
- Provides mammography, lab, radiology and other out-patient services
- Enrollment Assistance for government funded program
- Free Taxi Vouchers for Sequoia discharged patients and out-patients who lack financial and transportation resources
- Serve on San Mateo County Paratransit Coordinating Council to provide oversite of Redi-wheels program
- Health Professionals Education:
- Student training in Nursing; Paramedics; Clinical Chaplaincy; Pharmacy; Physical Therapy; Physician Assistants; Radiation Oncology; Radiology; Respiratory Therapy; Palliative Care
- Financial Assistance (Charity Care): free or discounted health care provided to persons who cannot afford to pay and who meet criteria for Dignity Health Patient Financial Assistance Policy
- Un-reimbursed costs of public health programs for low-income persons, such as Medi-Cal and Medicare
- Sequoia pays on-call physicians to serve indigent patients in the Emergency Department

**Seton Medical Center/Seton Coastside**

- Health Benefits Resource Center:
Provides free assessments, referrals to community resources and assistance in completing applications for free and low cost health insurance
- RotaCare free Clinics at Seton Medical Center: provides labs, diagnostic services, x-rays, for the urgent medical care free clinic
- Coastside RotaCare Free Clinic: Seton provides labs and x-rays
- Seton Health Sciences Library: health related research for individuals requesting information
- Benefits for Persons Living in Poverty: Charity Care
- Unreimbursed costs of public programs
- Health Professionals Education:
  - Student training in Central Supply, Wound Care, Phlebotomy; Lab Science; Nursing; Pharmacy; Wound Care, Radiation Oncology; Radiology; Respiratory Therapy

Stanford Health Care Health Initiative - Improve Access to Care
- Arbor Free Clinic (financial support for EMR/IT support; free pathology tests, labs & radiology)
- Samaritan House Free Clinic RWC (financial support for pharmacy, clinic operations, dental clinic)
- RFHC (financial support for clinic operations and pharmacy; branch of Stanford Health Library onsite)
- Stanford Health Library:
  - 5 branches - free and open to all; librarians do health-related research for individuals requesting help (e.g., research conditions & put together information packets)
  - Medical information; information on where to get care, etc.
  - HICAP lectures for seniors = help understanding/getting appropriate health insurance)
  - Bilingual librarian at branch in East Palo Alto
  - Enrollment assistance for government funded programs
  - Stanford Lifeflight, subsidized air ambulance service
  - Health Professional education: subsidized training for residents/interns; pharmacists, RNs, PAs, rehab, lab techs, radiology, RT, PT, nuclear medical technicians
  - Charity Care: un/under-insured patients provided with free hospitalization/services
  - Un-reimbursed costs of public health programs for low-income persons, such as Medi-Cal and Medicare

San Mateo County Community Partner Investments/Assets
- Bay Area Red Cross
- Belle Haven Clinic
- Chambers of Commerce
- Children’s Health Initiative
- Clinic By the Bay: Free medical care for the uninsured in Daly City and parts of San Francisco
- Coastside Hope
- Community Gatepath
- Daly City ACCESS: Healthy Aging Response Team
- Daly City Community Service Center
- Daly City Peninsula Partnership
- Daly City Youth Health Center
- Edgewood Center for Children and Families
Family Caregiver Alliance (FCA)
HIP Housing
Home & Home
InnVision Shelter Network
MayView
Mid-Peninsula Boys & Girls Club
Mission Hospice & Home Care
Pacifica Collaborative
Peninsula Family Services
Peninsula Library System
Puente
Puente de la Costa Sur
Ravenswood Family Health center
RotaCare Bay Area, Inc.
Samaritan House
San Mateo Co. Health Services
San Mateo Medical Association Community Service Foundation
Second Careers Employment Program
The Latino Commission
**Behavioral Health**

**San Mateo County Hospitals’ Investments/Assets**

*Kaiser Permanente San Mateo Service Area*

- Supports substance abuse education and awareness efforts through funding local agencies (e.g. StarVista, and El Centro de Libertad)
- Supports mental health issues by supporting programming through its grants program to agencies such as Daly City Youth Health Center, Pyramid Alternatives, El Centro de Libertad, Peninsula Conflict Resolution, and Rape Trauma Services

*Lucile Packard Children’s Hospital Stanford: Health Initiative to Improve the Social and Emotional Health of Youth*

- Community Health Education Programs:
  - To address drivers of substance abuse, including lack of coping skills and mental health issues.
  - Topics are determined through community needs identified by our community partners or hospital staff
  - Mental Health Dissemination and Innovation Initiative to combat the effects of early childhood trauma in SMC communities with high violence rates (East Palo Alto and East Menlo Park)
  - Project Safety Net/Heard Alliance: funding collaborative seeking to address social and emotional health of youth in our community and research through Stanford University
  - Pediatric Resident Advocacy mini-grant to determine causes of drug abuse and re-incarceration in incarcerated youth in SMC
  - Pediatric Resident Advocacy mini-grant to determine the effectiveness of a mindfulness training program for incarcerated youth in SMC
  - Partnership with Project Cornerstone: funding and leadership role with Project Cornerstone which is seeking to build developmental assets in youth
  - Partnership with Reach & Rise program of the YMCA: funding for youth mentoring program
  - Indirectly through access to care initiatives

*Mills-Peninsula Health Services*

- Provides help for people with substance abuse problems through its self-help, recovery, and healing programs
- Supports mental health concerns through grant funding of nonprofit organizations including Rape Trauma Services, Pyramid Alternatives, El Centro de Libertad, Women’s Recovery Services and senior mental health programs
- Grants to Pyramid Alternatives, El Centro de Libertad, Sitike Counseling Center, and Women’s Recovery Association
- Provides physician psychiatry training
- Provides support for addiction recovery
- Supports Caminar
- Supports Mental Health programs such as:
  - National Alliance on Mental Illness/San Mateo County
2016 Community Health Needs Assessment (CHNA)

- Notre Dame de Namur University, Art Therapy Psychology Department
- StarVista
- Sitike Counseling Center

**Peninsula Healthcare District**
- Fund Bridges to Wellness Program at Caminar for Mental Health
- Fund Crisis Center/Suicide Prevention Programs at StarVista
- Fund Collaborative Counseling Program at Acknowledge Alliance
- Fund Entre Familia Program at Latino Commission
- Fund Healthy Schools Initiative and ATOD education programs in schools
- Fund Healthy Schools Initiative and School Counseling Services
- Fund Family Centered Mental Health program at CORA
- Fund Family and Children’s Support Project at InnVision Shelter Network
- Fund Insights Program at StarVista
- Fund Senior Peer Counseling Program at Peninsula Family Services
- Fund Whole Health for Youth Counseling Services at Friends for Youth
- Fund Youth Mental Health First Aid Training

**Sequoia Healthcare District**
- Supports El Centro de Libertad
- Supports Latino Commission
- Supports Hope House
- Supports various school programs
- Fund mental health program at CORA
- Fund Adolescent Counseling Services
- Fund Caminar
- Fund Star Vista’s Day break Program
- Various school based mental health programs

**Sequoia Hospital**
- Parenting and post-partum support groups
- Bereavement Programs with Pathways Hospice
- Space for Food Addicts Anonymous groups at Health & Wellness Center
- Meeting space for Alcoholics Anonymous Meetings
- Serve on Mental Health Association of San Mateo County Boards

**Seton Medical Center/Seton Coastside**
- 12-step programs: AA and Alanon meetings are held at Seton

**Stanford Health Care**
- Psychiatry and Behavioral Sciences – inpatient and outpatient clinics

**San Mateo County Community Partner Investments/Assets**
- AA, Alanon, and Alateen Recovery programs
Asian American Recovery Services
Caminar
Catholic Charities
Daly City Youth Health Center
El Centro de Libertad
Health Right 360
National Alliance on Mental Illness/San Mateo County
Notre Dame de Namur University, Art Therapy Psychology Department
Palo Alto Family YMCA
Peninsula Conflict Resolution
Project Safety Net
Pyramid Alternatives
Rape Trauma Services
Sitike Counseling Center
Stanford University School of Medicine
StarVista
Women’s Recovery Association
Women’s Recovery Services
SAN MATEO COUNTY HOSPITALS’ INVESTMENTS/ASSETS

Kaiser Permanente San Mateo Service Area
- Support Groups: Prostate Cancer, all Cancer, Breast Cancer

Lucile Packard Children’s Hospital Stanford
- Indirectly through access to care initiatives

Mills-Peninsula Health Services
- Offers breast cancer support groups, and prostate cancer support groups
- Provides “Look Good, Feel Better” classes
- Hosts Loss and Grief Support groups
- Provides clinical nutrition counseling
- Hosts psychosocial support for cancer patients
- Provides free community mammograms through Samaritan House
- Collaborates with Stanford on Colon Cancer Community Awareness campaign
- Provides skin cancer screening events
- Provides low-dose, lung cancer screenings
- Provides “Call it Quits”, smoking cessation classes

Peninsula Health Care District
- Fund Gabriella Pastor Program at Breast Cancer Connections

Sequoia Hospital
- Women’s Breast Cancer and Diagnostic Center
- “Look Good, Feel Better” Classes
- Prostate Support Group

Seton Medical Center/Seton Coastside
- Health education and nutrition information provided through presentations at community centers and community programs
- Health education and nutrition information provided at health focused community events and fairs
- Seton Breast Health Center
- Support Groups
- Transportation services
- Clinical nutrition counseling

Stanford Health Care
- Health Initiative - Reduced Cancer Health Disparities: financial support for CBOs that serve ethnic communities for cancer education, support, services, etc.
Access to free, bilingual librarian for research/info on cancer prevention, management, treatment, clinical trials
- Stanford Cancer Supportive Care Program: non-medical services for cancer patients, family & caregivers regardless of where they receive treatment (imagery, yoga, Pilates, support groups, healing touch, art/writing therapy, dieticians, etc.)
- Cancer clinic trials information/referral website and phone line
- Stanford Cancer Institute
- Blood and Bone Marrow Transplant Program

San Mateo County Community Partner Investments/Assets
- American Cancer Society
- Joy Luck Club
- Relay For Life
- Samaritan House
Obesity, Diabetes, Fitness & Nutrition

Obesity: San Mateo County Hospitals’ Investments/Assets

Kaiser Permanente San Mateo Service Area
- Traditionally funds a variety of Obesity related/educational, physical fitness, and nutritional programs through its annual grants program
- On-going wellness initiative for the staff at both SSF and RWC medical centers - impacting over 4,000 employees
- KP throughout the San Mateo Area provides free award-winning theatrical performances to school aged children concentrating on a variety of health issues for all age groups (elementary through high school)
- The programs address nutrition, safety, violence, conflict resolution and sexual education
- San Mateo County Health Department partnership
- Supports healthy eating habits through its collaboration with some schools and communities by providing funding to increase the consumption of fresh fruits and vegetables through garden based programs
- Introducing a THRIVING SCHOOLS Initiative which will offer free resources to school staff and students addressing physical activity and nutrition. [www.kp.org/thrivingschools](http://www.kp.org/thrivingschools)

Lucile Packard Children’s Hospital: Health Initiative to prevent pediatric obesity through education and advocacy programs
- Access for low-income families to the LPCH Pediatric Weight Control Program: full and partial scholarships
- SafeKids Coalition: Lead Agency for the SafeKids Coalition of Santa Clara and San Mateo Counties. SafeKids works on safe routes to school/Walk ‘n Roll initiatives
- LPCH community health education programs:
  - LPCH provides a wide array of community education programs for parents, caregivers, and children.
  - Classes and partial classes to address proper nutrition and prevention of obesity
  - Summer Lunch Program in East Palo Alto - funding to support a summer lunch program for families in East Palo Alto when children are out of school and the free/reduced lunch programs are not provided

Mills-Peninsula Health Services
- Through the African American Community Health Advisory Committee, offers educational events for diverse communities including the annual Soul Stroll for Health Walk and Resource Fair
- Supports the HEAL Project with grant funding (Health Environment, Agriculture and Learning Project)
- Offers “Fitness is My Witness” physical fitness program at AACHAC’s partnering congregations
- Provides a series of nutrition and health programs to diverse communities
- Provides ongoing Blood pressure, Glucose, and Cholesterol screenings at AACHAC’s partnering congregations
- Oversees an Anti-Bullying Campaign with middle and high school teens
- Supports San Mateo Police Activities League
- Partner with San Mateo YMCA to offer a series of basic nutrition classes

Sequoia Healthcare District
- Fund several community programs including SAL,PAL and Boys and Girls Club
2016 Community Health Needs Assessment (CHNA)

- Manager and funder of PE+ in RWC schools
- Fund PE in San Carlos and Belmont schools

Sequoia Hospital

- Diabetes Weight Management Program
- Collaboration with Fair Oaks Adult Activity Center Breakfast Program
- “Make Time for Fitness” walking Courses at all RCSD campuses; Red Morton Park (RWC); Burton Park, and San Carlos.
- 4th grade - Eat Healthy, Stay Active, Be Tobacco Free
- Member of RCSD Wellness Committee; SUHSD Wellness Advisory Committee; Get Healthy San Mateo County Steering committee
- Lactation Education Center
- Breastfeeding advice community “calm line”

Seton Medical Center/Seton Coastside

- Ongoing exercise and education programs for people with high blood pressure, high cholesterol, diabetes as well as those who are obese or sedentary
- “Walk About” - Twice weekly walking and fitness program, and once a month “TalkAbout”, Blood pressure screening and health education presentation
- Health Benefits Resource Center: Cal Fresh Enrollment
- Peninsula Stroke Association participation
- Health education and nutrition information provided through presentations at community centers and community programs
- Health education and nutrition information provided at health focused community events and fairs
- Annual participation: Relay For Life

San Mateo County Community Partner Investments/Assets

- BANPAC (Bay Area Nutrition and Physical Activity Collaborative)
- Fair Oaks Intergenerational Center Breakfast Program
- Get Healthy San Mateo County
- Heal Project: Health Environment Agriculture Learning
- Local Parks and Recreation Departments
- Over Eaters Anonymous
- Police Athletic League
- Pre-to-3 Program
- SafeKids Coalition of Santa Clara and San Mateo Counties
- San Mateo County Streets Alive! Parks Alive!
- San Mateo Police Activities League
- Sheriff’s Activity League

Diabetes: San Mateo County Hospitals’ Investments/Assets
Kaiser Permanente San Mateo Service Area
- Supports transportation options for seniors to access their medical appointments, pharmacies, and follow-up medical care/rehabilitation
- A champion in diabetes care management and shares its protocols broadly offering its clinical expertise to providers internally and in the community
- Financial support to RotaCare of the Bay Area which operates free clinics in Half Moon Bay and Daly City
- KP S.S.F. and R.W.C. collaborates with Operation Access which provides free outpatient surgeries for the uninsured and underinsured at KP medical centers and utilizes KP volunteer staff

Lucile Packard Children’s Hospital Stanford (See pediatric diabetes.)
- Indirectly through out prevention of pediatric obesity health initiative

Mills-Peninsula Health Services
- Offers diabetes education programs, including a special series for seniors
- Hosts educational events and screenings for African American, Hispanic and Pacific Islander Communities
- Provides diabetes weight management classes
- Provides monthly blood glucose screenings and counseling at the following senior centers:
  - East Palo Alto
  - East Menlo Park
  - Senior Coastsiders
  - Martin Luther King Center
  - San Bruno Senior Center
  - Lincoln Park, Daly City
  - Magnolia Center, South San Francisco
  - Hosts a diabetes support group

Sequoia Healthcare District
- Fund Food pharmacy for diabetes patients with Samaritan House

Sequoia Healthcare District
- Offers Living Healthy workshops
- Fund Meals on Wheels
- Fund 70 Strong
- Fund Edgewood Healthy Kin
- Fund PFS Sr. Peers and Senior Fitness

Sequoia Hospital
- Diabetes Treatment Center and Health & Wellness Center
- Community lectures and workshops
- Glucose Screening Clinics
- Health & Wellness Center
- Senior and Community Centers
- Support Group/Individual counseling
- Free meter instruction clinic at Samaritan House Free Clinic RWC
- Bilingual “LIVE WELL with DIABETES” Classes

**Seton Medical Center/ Seton Coastside**
- Diabetes Institute
- Classes
- Support groups
- Nutrition education
- Diabetes Meter instruction
- Living with Diabetes
- Presentations at community centers and community programs
- Diabetes education provided at health-focused community events and fairs
- Low cost cholesterol and diabetes screenings
- Wound Care Center

**Stanford Health Care**
- Improving access to care initiative (financial support for free & community-based clinics)
- Diabetes Days at SH RWC Free Clinic (financial support)
- Stanford Health Library- free bilingual medical librarian services to research prevention, management and treatment options
- Chronic disease self-management workshops for older adults
- Stanford Diabetes Care Program
- Stanford Transplant Diabetes Program

**San Mateo County Community Partner Investments/Assets**
- American Heart Association
- Boys and Girls Clubs
- Get Healthy San Mateo County
- Heal Project: Health Environment Agriculture Learning
- Local Parks and Recreation Departments
- Over Eaters Anonymous
- Police Athletic League
- San Mateo County Streets Alive! Parks Alive!
- Sheriff’s Activity League
HEART DISEASE & STROKE

SAN MATEO COUNTY COMMUNITY PARTNER INVESTMENTS/ASSETS

- Mended Hearts
- Mills-Peninsula Hospital
- Sequoia Hospital
- Mills-Peninsula Stroke Center
- Kaiser Permanente Comprehensive Stroke Center

AIR QUALITY/CLIMATE CHANGE

SAN MATEO COUNTY HOSPITALS’ INVESTMENTS/ASSETS

Lucile Packard Children’s Hospital Stanford

- Indirectly through Advocacy Initiative

ALZHEIMER’S DISEASE

SAN MATEO COUNTY COMMUNITY PARTNER INVESTMENTS/ASSETS

- Coastsie Adult Day Health Center
- Magnolia Senior Center
- Mission Villa Memory Care
- Network of Care
- Ombudsman Services of San Mateo County
- Senior Coastsiders
- Ron Robinson Senior Care Center
- Pacifica Senior Services
- Seniors at Home
- Mills-Peninsula Health Services (Sutter Health)

ARTHRITE

SAN MATEO COUNTY COMMUNITY PARTNER INVESTMENTS/ASSETS
2016 Community Health Needs Assessment (CHNA)

- Arthritis Foundation
- Rheumatoid Arthritis Clinic, UCSF Medical Center

**Birth Outcomes**

- San Mateo County Fall Prevention Task Force
Appendix 9. Health Needs Profiles

Each health need listed below is described in detail in a health profile.

1. Air Quality/Climate Change
2. Alzheimer’s Disease
3. Arthritis
4. Behavioral Health
5. Birth Outcomes
6. Cancer
7. Communicable Diseases
8. Economic Security
9. Healthcare Access & Delivery
10. Obesity, Diabetes, Fitness & Nutrition
11. Heart Disease and Stroke
12. Oral Health
13. Respiratory Conditions
14. Transportation & Traffic
15. Unintended Injuries
16. Violence & Abuse

Each health profile includes a section titled “How Do We Know There Is a Problem?” These sections contain data and statistics from various sources (see Appendix 4: Secondary Data Sources). The health profiles also each include a section titled “What Does the Community Say?” These sections contain comments from community members about the health needs that reflect their experiences and observations and, therefore, are not necessarily based on data or statistics but on their perceptions.

In 2016, Seton identified these needs as the top health needs based on statistical data and community input. Seton works to improve community health through its partnerships among hospitals, county agencies, and community organizations. Seton will post its final 2016 CHNA publically on its website. Each member hospital’s Implementation Strategy report describes in detail the investments made in the community, including programming and partnerships.
